Every year 28th February is celebrated as National Science Day (NSD). This day is celebrated to commemorate the discovery of the Raman Effect by Indian Scientist Sir Chandra sekhar Venkata Raman. He was awarded the Nobel Prize for the discovery of the Raman Effect in 1930. National Science Day is widely celebrated all over the country in all educational and research institutions. The theme of National Science Day (NSD)-2021 will be "**The Science We Live By An Inclusive Principle**". The aim of this celebration is to encourage and motivate the students for the science and technology. Some eminent scientists/professors from other institutes will deliver the invited talks in this programme. In this respect, online National Science Day (NSD)-2021 will be celebrated on 28th February 2021 (3:00 pm onwards) by Department of Physics, Central University of Jharkhand, Cheri-Manatu, Kamre, Kanke, Ranchi, Jharkhand-835222. It is envisaged to have three lectures (around 40 minutes duration). The lectures are expected to commence at 3:00 pm (onwards).
