ENTRY AND EXIT RULES

In line with National Education Policy (NEP) 2020, few salient features of the National Higher Education Qualifications Framework (NHEQF) for the award of the degree at the various levels along with their credit and entry requirements are highlighted below for Integrated (UG-PG Programmes). However, for the details, NHEQF document may be referred.

(A). The Bachelor's degree is awarded to students who have demonstrated the achievement of the outcomes located at level 7 on the NHEQF

Credit requirements*: The successful completion of the first three years (six semesters) of the undergraduate programme involving 120 credit-hours followed by an exit 10-credit bridge course(s) lasting two months, including at least 6-credit job-specific internship/apprenticeship that would help the graduates acquire job-ready competencies required to enter the workforce.

Entry requirements: Continuation of study or lateral entry into the third year of the undergraduate programme will be possible for those who have met the specified levels of attainment, specified in the programme admission regulations. The continuation of study will be based on the evaluation of documentary evidence (including the academic record and/or evidence relating to the assessment and certification of prior learning) of the applicant's ability to pursue and complete the undergraduate programme of study. Lateral entry into the programme of study at NHEQF level 7 will be based on the validation of prior learning outcomes, including those achieved outside of formal learning or through learning and training in the workplace or in the community, through continuing professional development activities, or through independent/self-directed learning activities.

(B). The Bachelor's degree (Honours/Research) or the Post-Graduate Diploma is awarded to students who have demonstrated the achievement of the outcomes located at level 8 on the NHEQF*

Credit requirements: Successful completion of the 4-year (eight semesters) undergraduate programme involving 160 credit-hours, with 40 credits at level 5, 40 credits at level 6, 40 credits at level 7, and 40 credits at level 8 on the NHEQF.

Entry requirements

- An individual seeking admission to the bachelor's degree (Honours/Research) in a specified field of learning would normally have completed all requirements of the relevant 3-year Bachelor's degree. (After completing requirements of a 3-year bachelor's degree, candidates who meet a **minimum CGPA of 7.5** will be allowed to continue studies in the fourth year of the undergraduate programme leading to the bachelor's degree (Honours/Research).
- Continuation of undergraduate programme leading to the bachelor's degree (Honours/Research) will be open to those who have met the

entrance requirements, including specified levels of attainment, in the programme admission regulations. Continuation of the programme of study will be based on the evaluation of documentary evidence (including the academic record and/or evidence relating to the assessment and certification of prior learning) of the applicant's ability to pursue study during the fourth year (semesters 7 & 8) of the 4-year Bachelor's degree (Honours/Research) programme. Lateral entry into the programme of study at NHEQF level 8 will be based on the validation of prior learning outcomes, including those achieved outside of formal learning or through learning and training in the workplace or in the community, through continuing professional development activities, or through independent/self-directed/self-managed learning activities.

(C). The Master's degree is awarded to students who have demonstrated the achievement of the outcomes located at level 9 on the NHEQF.

- Entry requirements:
- A Bachelor's degree (Honours/Research) for the 1-year/2-semester Master's programme.
 - A Bachelor's degree for the 2-year/4-semester Master's degree programme.
 - A 4-year Bachelor's Degree for the 1-year/2-semester master's programme

Admission to a programme of study leading to the Master's degree is open to those who have met the entrance requirements, including specified levels of attainment, specified in the programme admission regulations. Admission will be based on the evaluation of documentary evidence (including the academic record and/or evidence relating to the assessment and certification of prior learning) indicating the applicant's ability to pursue postgraduate study.

(D). Doctoral Degree is awarded to students who have demonstrated the achievement of the outcomes located at level 10 on the NHEQF.

- Entry requirements:
- A graduate of a 1-year/2-semester Master's Degree programme, or a 2-year/4-semester Master's Degree programme, or a 4-year/8-semester Bachelor's degree (Research) with course work, dissertation and published work based on the research/investigation.
 - Admission to a programme of study leading to the doctoral degree is open to those who have met the entrance requirements, including specified levels of attainment, in the programme admission regulations. Admission will be based on the evaluation of documentary evidence (including the academic record and/or evidence relating to the assessment and certification of prior learning) of the applicant's ability to pursue study for a doctoral degree relating to a specialized field of enquiry

Note:

- (i) *Bachelor's Degree in Engineering and Technology shall be awarded after successful completion of the 4-year (eight semesters) undergraduate programme involving 160-170 credit-hours. The Master's degree shall be awarded after successful completion of the 2-year (four semesters) postgraduate programmes involving 80 credit-hours.
- (ii) The admission in the Doctoral programmes shall be based on the availability of the seats limited seat) in particular programmes of study and every year the entry/admission process shall be notified separately.
