

### About the CUJ Ranchi, Jharkhand

The Central University of Jharkhand was established through the Central University Act, 2009. The University started with a vision to specially focus on relevant present age educational drives with an emphasis on research in cutting edge technologies. It offers Under Graduate, Post Graduate and Ph.D. programmes. The University is open to new ideas in course curricula and research proposals, collaboration, interaction and capacity building programmes. Being located in Jharkhand, the study of culture is the thrust area of the University as manifested in Centre for Indigenous Culture Studies, Centre for Tribal & Customary Law, Centre for Tribal Folklore, Language & Literature, and Music & Performing Arts. The CUJ Faculty have been awarded National and International Fellowships, Project funding and Recognition and are constantly contributing to the Government, Public and Private Sector organizations through teaching and consultancy. The students have also won accolades in national level academics and extramural activities.

### About the Department of Mathematics and Department of Statistics

1. The Department of Mathematics, formerly known as Centre for Applied Mathematics was established in July 2009 under the School of Natural Sciences. The Department started offering the Integrated M.Sc. Program in Applied Mathematics from academic session 2009-10. The Ph.D. degree in Mathematics has been started from the academic session 2013-2014. The faculty members have more than 120 research papers published in reputed journals.
2. The first P.G. Department of Statistics, was established in CUJ in the year 2022 with a view to offering M.A./M.Sc. Statistics and Doctorate degree, realizing the growing importance of all subjects from the standpoint of interdisciplinary and multidisciplinary research advocated in NEP 2020 and looking at the vast employment opportunities available. Needless to say, the world is fast transforming into a data-driven society.
