Led Developments in
Accounting & Finance

3rd March, 2025 – 7th March, 2025

Organized by
Department of Commerce and Financial Studies
School of Management Sciences

About Central University of Jharkhand

The Central University of Jharkhand was established through the Central University Act, 2009. The university started with a vision to specifically focus on relevant present age educational drives with an emphasis on research in cutting-edge technologies. It offers Under-Graduate, Post-Graduate, and Ph.D. programmes in different schools and departments of study. The university welcomes new ideas in course curricula and research proposals, collaboration, interaction, and capacity-building programs. The faculty members at CUJ have been awarded national and international fellowships, project funding, and recognition and are constantly contributing to the government, public, and private sector organizations through teaching and consulting. The students have also won accolades in national-level academics and extramural activities. The Central University of Jharkhand has been a pioneer in adopting NEP-2020. Situated in the capital of Jharkhand, Ranchi, the university is spread across an area of 550 acres between the scenic mountains of the Chhota Nagpur region.

About the Department of Commerce and Financial Studies

The Department of Commerce and Financial Studies (DCFS) was formally set up as a separate department in the year 2019. The department is a part of the School of Management Science at the university. The department is currently offering a Ph.D. program in Commerce, a 2-year postgraduate program—Master of Commerce (M. Com.) and Integrated B. Com. & M. Com.—as per NEP-2020. At present, the department has 4 permanent faculty members (<https://cuj.ac.in/dcfs/all-profiles.php#>). There are 13 full-time research scholars in the department. The faculty journals and conferences organized by institutions of repute such as IIM, Jamia, Delhi University, etc. During the last three years, faculties have published more than 30 papers in ABDC, Scopus, and UGC-CARE journals and book chapters. The department aims to redefine commerce education in the country by offering quality education and research. The courses offered aim to provide an extreme and rigorous base for teaching, research, and allied business administration. The department has regularly organized programs for the benefit of faculties, scholars, and students. Some of the recent programs, like the ICSSR-sponsored two-day national seminar, a week-long research methodology program, and a 10-day research methodology workshop, were very well received by the academia.

About the Short-Term Training Program (STTP)

The accounting and financial landscape is undergoing phenomenal change caused by the developments in digital technology. Fintech, AI, Cloud Computing, Blockchain, etc. are collectively impacting business models and also the associated accounting & finance functions. It has thus become essential for the academicians of today and the future to update themselves about this paradigm centered around Fintech and AI. Fintech and AI on one side, are the source of innovation and, on the other, the cause of disruption as well.

The five-day training programme thus aims at bringing together resource persons from highly reputed organizations as well as the industry who are handling this change first-hand. Each day will have three, ninety-minute sessions, covering the evolution and impact of fintech and AI in the domain of accounting and finance.

The programme is primarily aimed at faculty members with a background in accounting and finance and secondly at doctoral students who are actively pursuing research in the area of accounting and finance related to fintech and AI.

Objectives of STTP

- To help the participants develop insights into the potential of Fintech and AI, as a source of innovation and as a disruptor.
- To help the participants identify the key skills essential to navigate the accounting and financial landscape that is being transformed by Fintech and AI.
- To enable the participants to comprehend the business models designed around Fintech and AI.
- To enable the participants to appreciate the opportunities and challenges posed by Fintech and AI.

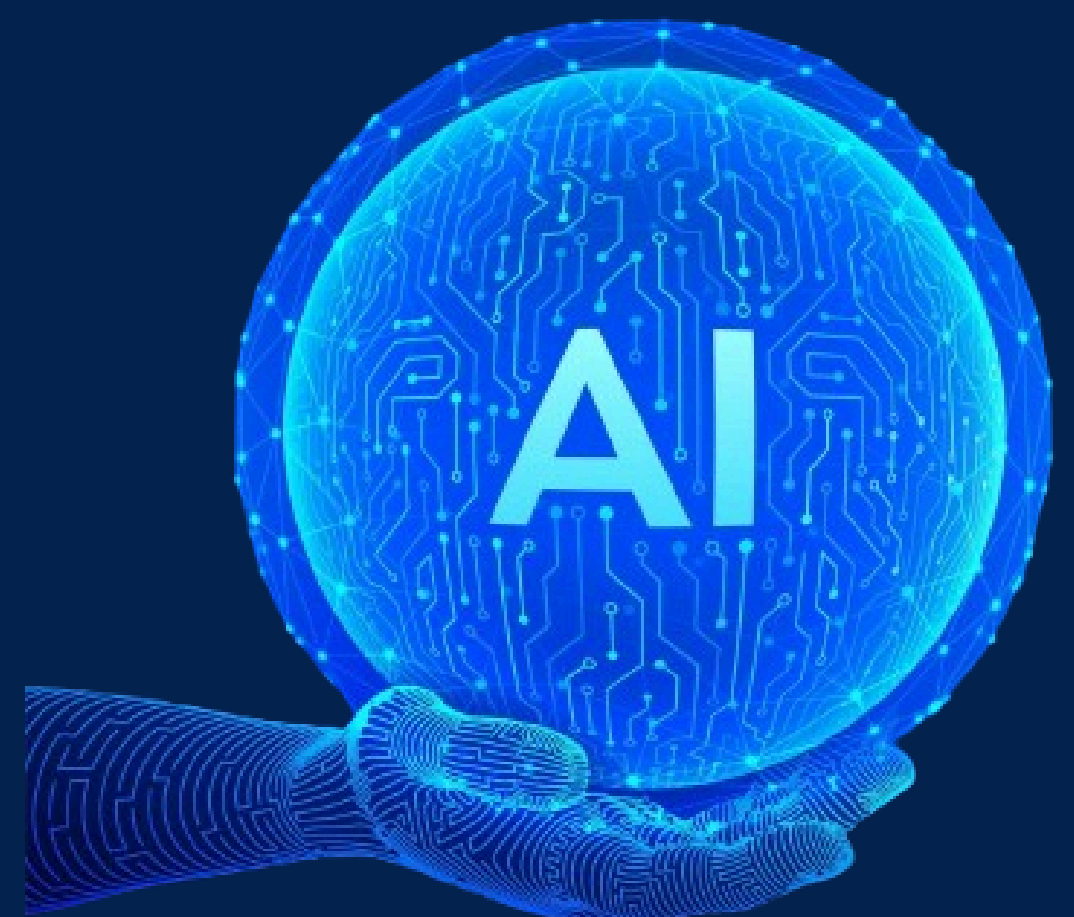

Eminent Resource Persons

Sessions in the STTP shall be engaged by eminent resource persons from the industry as well as academia. Some prominent names and their affiliations are as follows:

- Dr. Abhijeet Chandra, IIT-Kharagpur
- Mr. Anuj Juneja, United India Insurance, Chennai
- Dr. Manish Pandey, BIT-Mesra, Ranchi
- Dr. Neelam Rani, IIM-Shillong
- Prof. Trilochan Tripathi, XLRI, Jamshedpur
- Dr. Ajay Kumar Mishra, IIT-Kharagpur

Key topics to be covered in the program

1. Introduction to BFSI
2. Algorithmic Trading & Discount Broking
